

Commercial Cleaning Services

Hydrosonic Molecular Impact Cleaning System (HSMI)

Grand Light specializes in large, complex commercial luminaire restoration services, including the utilization of state-of-the-art, on-site cleaning technologies. Using our engineered *Hydrosonic Molecular Impact System (HSMI)*, we're able to eliminate decades of accumulated debris cost effectively, time sensitive, and without disruption or removal of existing luminaires.

The *Hydrosonic Molecular Impact System* is Grand Light's unique, proprietary method for intricate yet efficient cleaning processes. The *HSMI System* utilizes a 99% purified ultra-hot pressurized dry vapor steam whose natural properties loosen dirt, grease, grime, nicotine staining and more – all with no added chemicals.

The **HSMI** Advantage

Process & Equipment

- Ultrasonic Commercial System
- Dry Vapor Steam Commercial System
- Six-Stage Reverse Osmosis Purified Water System
- Real-Time TDS Level Monitor
- Static-Free Hydro Sonic Molecular Impact (HSMI) Delivery System
- Eco-Friendly & Chemical Free

Uniquely Qualified On-Site Staff

- OSHA 30 Construction Certification
- Aerial Work Platform Operator Certification
- Cleaning, Metal Finishing, Re-Wiring, UL Testing, Restoration, Crystal Repair, Assembly, Disassembly, etc.
- Luminaire Survey & Condition Report

Introducing The New Gold Standard For Commercial Cleaning

Our system includes powerful, continuous super high steam production up to 369 degrees Fahrenheit with an integrated wet vacuum system insuring residual moisture and debris extraction. Purified dry vapor steam and integrated vacuum system guarantees spot free crystals and fixture frames.

Our dedicated artisans will perform *HSMI* service at your property whenever required, efficiently, cost effectively, and with no mess or disruption to activities or surrounding objects. Our compact equipment is able to fit through any passageway, and environmentally friendly.

The **GRAND LIGHT** Difference

- Long Standing History of Successful, Award Winning Projects
- Dedicated, Full-Time Project Management & Engineering Team
- Industries Best Artisans and Specialists with Decades of Experience
- Understanding of Large and Small Projects
- Exceptional Client Communication and Customer Service

The Grand Light Difference extends beyond the restoration and manufacturing process. Our word is our commitment, and we strive to earn your trust. While challenges are inevitable, we will never waiver from our commitment to exceed your expectations.
